Iatrogenic etiologies of drug-induced hearing loss and vestibular deficits
Drug transport across the blood-labyrinth barrier
Translational hearing research

Clinical Interests:

Ototoxicity monitoring
Prevention of ototoxicity in infants

Personal interests:

Dog walking; re-wilding; English Premier League soccer; Tudor and 20th Century history

Statement of Goals:

If elected to the nominating committee, I will promote consideration of a diverse slate of meritorious nominees for election to ARO Committees in 2024. Those nominated, and elected, to serve on ARO Committees all make significant and innovative contributions to shaping ARO's future, as shown by recent increases in ARO activities in-between the Annual Mid-Winter Meetings.
